

# Adoption Policies

I agree to the following:

I agree to provide a safe and healthy environment for my new pet rabbit. I will supply appropriate food, water, and care.

I agree to house my rabbit in proper facilities. The cage will be large enough for my rabbit to move around comfortably. I will provide my rabbit with space to run regularly. All cords and dangerous items will be inaccessible to my pet. My rabbit will be safe from extreme heat and cold.

I agree to keep my rabbit separate if choosing an unaltered male. I will not put this rabbit with any other rabbit for the safety of both animals.

I agree to never breed my unaltered rabbit, ever. And agree to spay or neuter my rabbit before bonding them with another rabbit unless my rabbit is female and being bonded with another female.

I agree to contact and return my adopted bunny before choosing any alternative when there is no absolute way for me to properly care for my rabbit.

I agree to pay my adoption donation the day of my rabbit's adoption or anytime before then.

I agree to keep RBRR in contact about how my rabbit is doing, any medical changes, and if my rabbit passes.

I know I can contact RBRR staff if I have any questions regarding my rabbit. They are more than willing to help me with any question or problem that may arise.

I have filled out my adoption application and it has been approved by RBRR.
